A Message for Chrysanthemum Growers

Chrysanthemum cuttings will be on the critical list during the coming season. The unfortunate disorder known as "stunt" has caused widespread losses and it will be necessary for a great quantity of the stock to be replaced. Also there will be a big reduction in the available supply. Our stock at this stage is entirely free of this disastrous malady and we are using every precaution to keep it that way.

We expect to have a greater quantity of mum cuttings available this season than ever before but not nearly enough to fill the demand. It is our intention and desire to be sure that you, one of our regular mum cutting customers, are taken care of as in former years. It is with this in mind that we are sending this message to you who have depended on us in the past and we urge you to place your order just as as soon as possible.

Increased production costs in addition to the extra precaution in keeping our stock healthy make it necessary to quote a slightly higher price on standard varieties. The new price of 5¢ per cutting will be in effect on all deliveries during 1948.

Check over the enclosed order blank and let us have your list by return mail so that we can reserve the stock for you. Our descriptive price list will be forthcoming soon after the New Year.

Thank you for your cooperation.
